

Hemington, Hardington & Foxcote Parish Council

MENDIP DISTRICT OF THE COUNTY OF SOMERSET

MINUTES OF THE FULL PARISH COUNCIL (HPC) MEETING

Held on Wednesday 11 October 2017 at Hemington Primary School at 19:30

Present: Councillors M. Corney (Chairman), V. Curtis, A. Hucker, F. Green, F. Hayward

In attendance: R. Campbell (Clerk), seven members of the public

PUBLIC PARTICIPATION

- Lynda Le Ray said that the field at the end of Bishop Street was being ploughed too close to the edge to allow footpath reinstatement; and no headland was being left (see minute 2575d).
- With reference to the September minutes, Liz Morris agreed that Faulkland Pond is not a disgrace, but she said that it does look tatty. By describing it as 'a mecca for wildlife' the impression was conveyed that this aspect took priority over all others. The back wall is not visible because of overgrown vegetation. Was the spring the best time to look at this? The boards erected have not prevented duck deaths.

Mrs Morris expressed disappointment at HPC's decision to go ahead with yellow lines at the present time. She did not think there was sufficient evidence on which to base a decision. The only evidence was anecdotal and based on fear that the new houses will provoke a parking issue. Why not wait and see?

The Chairman said the Parish Council had thought it better to be proactive than reactive. Not much parking was proposed for the eight houses to be built north of the High Street. The Planning statement includes parking on the road.

- Liz Morris said that this meant the road to the development. She thought the Parish Council was putting the cart before the horse.
- Patrick Nishio asked about the status of the proposed double white lines between Faulkland and Norton St Philip (see minute 2575c).
